Multiply by 5

Math Vocabulary

- **Multiply**
- **Product**
- **Times**

Math Rule: Any number X's 5 will end or have a 0 or 5 in the answer!
For Example; 3x5 = 15   and   5x4= 20

Dill Tip ➡️ **Remember to think in terms of patterns (counting by 5's).**
Visual: 3 x 5 = Five ~   Ten ~   Fifteen!

☺   ☺   ☺

15 is the answer!
Strategy - Take three counters/objects & count by five.

Write the answer for each problem.

1	2	3	4	5	6
x5	x5	x5	x5	x5	x5
____	____	____	____	____	____

7	8	9	10	11	12
x5	x5	x5	x 5	x 5	x 5
____	____	____	____	____	____
